PALZER IS HELD RESPONSIBLE FOR DEATH OF FRIEND

Coroner's Jury Exonerates Newtown Woman of All Responsibility

TO GO BEFORE JUSTICE

Inquest Held in Richboro Fire House, Last Night

At a coroner's inquest held last night into the death of George White, 25, 1012 Wallace street, Philadelphia, George Palzer, 34, 1012 Wallace street, Philadelphia, was found guilty of gross negligence and held responsible for the death of White.

White was a boarder at the Palzer home in Philadelphia and on the night of August 10th he was in the car occupied by Palzer and Mrs. Palzer. Palzer was driving and White was on the back seat of the machine.

The inquest was held in the Richboro Fire House at Richboro. The accident occurred August 10th on the Churchville and Feasterville Road, near Churchville.

The coroner's jury exonerated from all blame Mrs. Samuel Cary, Newtown, who was operating another car, so close to which Palzer ran his machine that White's head, which was hanging out of the window, was struck and caused his death.

Coroner Sweeney conducted the inquest last night and Palzer testified that he and his wife had taken White out for a ride to sober up, after White for a ride to sober him up, after had been drinking.

Dr. E. E. Pownell, Richboro, who examined Palzer, following the accident, testified that he was not in fit condition to operate a car. Other witnesses also testified that Palzer had narrowly escaped hitting their cars and that he was driving in a reckless and careless manner.

Palzer has been out under \$2,000 bail. He will be given a hearing this afternoon before Justice I. F. James, Doylestown, on the charge of driving a car while drunk and of involuntary manslaughter. The bail will be renewed and Palzer will be held for action of the grand jury at September term of court.

SCOUTS HAVE BUSY TIME AT THEIR CAMP

Full Quota Arrived Last Saturday Afternoon at Four o'Clock

STUNTS ARE ENJOYED

By Camp Clerk R. L. Loux
BOY SCOUT CAMP, FLEMINGTON, N. J., Aug. 25.—The full quota of Scouts arrived promptly at 4:00 p. m., Saturday, and were assigned to their quarters by Scout Leader Bayha.

We then had election and a camp mayor and other officers were elected. The elections in their order of rank were: Mayor, George Ambler; clerk, Russell Loux; commissioner of sanitation, Charles Carter; commissioner of Highways, Lewis Kratz.

The first campfire of the week was successfully lighted by Scout Saul Steele. We then had songs and patrol stunts. At 10:00 p. m. taps were blown and we retired to our quarters.

There was quite a bit of noise on Sunday before reveille and the disturbances were given the usual camp punishment. Mess was sounded at 7:45 a. m., after which each patrol had one hour for community betterment, and during this time a wilderness church was made under the supervision of Mr. Livermore. The inspection was not so good but will be better after today.

At 2:30 p. m. church services commenced in our new church. There were many visitors present. The services were led by Dr. A. J. Strathie, of Newtown. We also had a speech from Dr. Roberts, of Newtown.

From 8:00 p. m. until 9:20 p. m. we had a campfire meeting with a very good program, and were asked by Livermore to make up a camp yell and song, the contest ending Tuesday.

Tuesday morning it was raining when reveille blew and we did not have any calisthenics. We went down to mess with our slickers but it stopped raining before we were through eating and it did not rain during "Community Betterment." During the "Betterment" period we gathered stones for the proposed "Daddy's Shack," and camp headquarters. We also cleaned the camp of all refuse. Quite a few tests were passed in spite of the rain.

We were sorry that Scoutmaster Claude Gilbert, Perkazie No. 1, had to return home. Mr. Gilbert was very helpful and greatly assisted the camp staff in their work. As Mr. Gilbert was leaving the scouts gave him three hearty cheers. All of the boys tried their knack at hitting a post at twenty feet to secure points toward their camp award.

At our evening campfire stunts were put on by all of the patrols with the Elk and Beaver Patrols winning the contest for the most original stunt. Mr. Livermore announced at the conclusion of the campfire that arrangements had been made with Colonel Allen of the Flemington Fair to allow all Boy Scouts entrance free tomorrow. The entire camp is hiking to Flemington. The cubs are going to be brought back from Flemington in Frederick Clymer's and William Hunsicker's cars.

MR. DOUGHERTY REFUSES TO BE USED

(EDITORIAL)

THE withdrawal of James V. Dougherty as a candidate for Borough Council from the Sixth Ward on the so-called Independent ticket is one of the most significant things that has happened in the present campaign.

It does not sum up the entire matter to say that Mr. Dougherty did the only thing that he logically could do under the circumstances; did it in a manly, straightforward way; and therefore deserves the frank approval of all upstanding citizens for thus having shown his self-respect and the integrity of his own political ideals and standards.

Those things are obvious, and for the courage of his course Mr. Dougherty should receive public applause.

But the matter takes on a larger significance than is involved in a single candidacy. It reflects a rapidly growing realization of the false pretense in which the fire defense question was conceived, launched and promoted as the alleged "issue" of this campaign. It indicates an awakening, right within the Independent ranks, to the hypocrisy of those who have sought to magnify the fire department question to the proportions of a political controversy, in order that they might use the volunteer firemen and others to ride into power, and thus seize the Borough Government and control over its revenues and expenditures.

Mr. Dougherty has done more than merely to withdraw from a candidacy for which he had no taste or desire when he realized that he was only being used for the political purposes of others. He has, by that action, turned the light of publicity and general public attention upon the utter impossibility of anyone accepting the fire defense question as a sincere "issue" of the so-called Independents, in the face of facts which carry their own indictment and which cannot be disputed.

What are the facts which must have led Mr. Dougherty to the very sensible conclusions which prompted his withdrawal from the Councilmanic contest?

Here are some of them:

Mr. Dougherty, of the Sixth Ward, had no direct or personal interest in the fire defense question. He was not a leader among the volunteer firemen; he was not a leader in the so-called Independent movement. Nevertheless, in the early formation of that campaign he was prevailed upon to see that question as a seemingly important "issue," and was, therefore, induced to run for Borough Council upon a general platform antagonistic to the present Borough Council's solution of that problem. We repeat, however, that he had no direct or personal interest in the matter.

Mr. Raymond A. Nevegold, upon the other hand, also is from the Sixth Ward, and he is Assistant Chief of the fire department as now organized. Certainly he, above all others—and undeniably he, above all others in the Sixth Ward—should have had a most vital interest in the fire defense question, if that question involved anything approaching the political significance which he and other leaders of the Independent movement have been trying to impute to it.

Obviously, if Mr. Nevegold sincerely believed in and supported the political "issue" which he has been trying to build up, he, above all others, would have been the candidate for Borough Council—an office which carries no salary, but the only office which can change the present status of the fire defense subject. Mr. Nevegold did not become a candidate for Council, but presumably, almost assuredly, he was one of those who prevailed upon Mr. Dougherty to carry the standard for the "no salary" office into the fray.

Mr. Dougherty filed his nomination petition for Borough Council, and then what occurred? Mr. Nevegold, Assistant Chief of the fire department, and so sincere in his support of the fire defense "issue" that he could not run for the non-paying office which is the only one having to do with that question, grabbed himself the candidacy for the only office in the Ward to be voted on this Fall which has a salary attached to it.

Had Mr. Dougherty been buncoed? Was he being used as a catpaw for the political purposes of others? Was any further evidence needed to prove that the fire defense "issue" was a fake and without substance, and merely a smoke screen to camouflage the real motives of those who are promoting the so-called Independent movement for their private purposes and advantages?

Mr. Dougherty did not have to have a ton of bricks fall upon him. He saw the situation in all its real meaning, and he saw it mightily clearly. He had the courage to take the intelligent action which his own judgment dictated.

His withdrawal from the contest is an open indictment of the insincerity of those who are endeavoring to assert that support of the firemen is the sole and whole object of the campaign they are carrying on.

If any further proof of that insincerity were needed, it certainly is to be had in the Second Ward, for instance, where these Independents have put up a candidate—and not a fireman, at that,—against the present assessor, James L. McGee, who has been a volunteer fireman for years, is a captain of the Fire Police, and probably has participated in more actual fire defense work than any other man in the Borough.

Mr. Dougherty did the one thing consistent with political and personal integrity and courageous self-respect. It is a pity that the other candidates on the so-called Independent ticket did not likewise see the light in time to save themselves the humiliation of publicly supporting and promoting such obvious false pretense and insincerity.

WILL OPEN BIDS TODAY FOR NEW RIVER SPAN

Award of Contract on Bridge At Morrisville Soon To Be Made

TAKE A YEAR TO BUILD

The new bridge connecting Trenton with Morrisville, to replace the present bridge, will move another step nearer realization today when bids for its construction will be opened and the contract awarded.

The proposals will be opened in the office of State Senator Clarence J. Buckman, Bucks County representative in the Pennsylvania Legislature, in his office in the Lincoln Building, Philadelphia, at 2 o'clock this afternoon. Senator Buckman is a member of the Joint Commission for the Elimination of Toll Bridges over the Delaware River. This commission will have charge of the erection of the bridge.

It is expected that work on the building of the new span will start immediately after the award of the contract. Ten to 12 months is estimated as the time necessary for its construction.

There are three bids offered for its construction. These were received yesterday by Louis Focht, of Trenton, superintendent and engineer to the commission, at his office in the State Office Building, West Hanover street, Trenton.

The estimated cost of the bridge is upward of \$600,000. The States of Pennsylvania and New Jersey have each appropriated \$325,000 toward the cost.

Plans for the bridge were prepared by Mr. Focht. They call for four lanes, two for eastbound traffic and two for westbound traffic, with footwalks on both sides. It will accommodate 100,000 automobiles, moving at the rate of 15 miles per hour, every 24 hours.

A truss, or girder, will divide the east and westbound traffic lanes, so that cars cannot pass over and get into traffic going in the opposite direction.

The new bridge will be constructed without interruption to traffic. One side of the structure will be built first on the piers which formerly carried the tracks of the Pennsylvania Railroad, leaving the present span open to traffic. When this side is completed, the old bridge will be dismantled and the north section constructed.

It is said that the Camden-Philadelphia bridge is the only one in this part of the State which will exceed this new span in cost and size and traffic.

Sportsmen Ready For Big Annual Outing

Sportsmen of this section are now in readiness for their tenth annual outing which will be staged at Maple Beach on Saturday afternoon, with numerous attractions.

Many of the sport-lovers will be accompanied by their families and friends, who will also have an opportunity of enjoying the events. The list of amusements and contests includes: 50-target handicap clay target match; rifle match, quoit tournament, bait and fly casting match, special rifle match for women.

Prizes will be awarded to the winners in the events for the fair sex, and the supply of refreshments is being attended to.

One of the drawing cards of the day is the announcement that an expert surf angler will endeavor to land a man from the water. Ammunition may be purchased on the grounds.

PLANS COMPLETED FOR ANNUAL I. O. O. F. PICNIC

Festivities Will Last Throughout Entire Day on Saturday

CONTESTS AND GAMES

Preparations were completed last evening for the second annual picnic of members of the I. O. O. F. of this section of Pennsylvania, which will take place on Saturday at Washington Crossing Park.

The festivities will last throughout the day, and will include events that will interest all Odd Fellows, their families and friends.

Mr. Grimes, proprietor of the Washington Crossing Inn will donate a loving cup to the lodge which shall gain the highest number of points in five specified events, namely: Quoits, pitching contest, shot put, tug-of-war, basketball throw and 100-yard dash. Individual prizes will likewise be awarded in these events named, as well as in all other games and contests that will take place throughout the day.

For boys and girls under 12 the following have been arranged for: 50-yard dash, peanut scramble and potato race.

For the lads over 12 years there will be: Pie eating contest, contest in which the boys will bob for apples, a three-legged race, and a 50-yard dash.

The girls over 12 will find enjoyment in a basketball throw, darts and a tug-of-war.

The ladies have not been forgotten, but will vie for honors in a wheelbarrow contest, darts, fruit basket puzzle. Each lady attending the picnic will have an opportunity of gaining possession of the registration prize—a handsome silk parasol.

Each family will provide its own lunch and supper, and music by the Lambertville band will be enjoyed throughout the day.

Between the hours of 11 and 12 a. m., a baseball game will be indulged in, possibly between the married and single men. Lunch will be partaken of at 12 o'clock. Children's events will be run off between one and two o'clock, and at three the contests in which points will count toward the possession of the cup will commence. The ladies' events will likewise be run off during the afternoon.

Bathing and boating will be indulged in by many. In case of inclement weather the picnic will be postponed until September 3rd.

GIANT BOMBER IS GIVEN THIRD TEST FLIGHT BY PILOT

Lt. Tyndall Flies Dreadnought Of the Air Over The Town

WORKS WONDERFULLY

All Are Well Pleased With Results of the Bomber's Trials

The second test flight of the big bomber built at the plant of the Keystone Aircraft Corporation here took place yesterday afternoon at 4:10 o'clock and ended at 4:30. It was just as successful as the first flight which took place at 1:46 and ended at 2:08.

Without a single mishap the first two of a series of official test flights of the giant aero dreadnought, the super "Cyclops," was made on the landing field of the company that built the ship.

In one of the prettiest take-offs and landings ever witnessed by veteran pilots and airplane builders, Lieutenant Frank B. Tyndall, U. S. A., piloted the mighty bomber on its maiden trip in the air.

For two weeks little details were being completed preliminary to the first test flight. Exactly at 1:46 before a crowd of mechanics, newspapermen and photographers and those who helped to build the ship, the super "Cyclops" left the ground. Twenty-two minutes later Lieutenant Tyndall landed with ease after soaring at various heights up to 3000 feet over a radius of five miles from his take-off. His maximum speed was close to 120 miles an hour.

This giant of the air is a sister ship of the Curtiss "Condor" recently purchased by the United States Army. It represents a government expenditure of about \$110,000 including all the engineering work and experimental work that has been and will be done with the ship.

During the next week, Lieutenant Tyndall, who is the United States government representative at the plant of the Keystone Aircraft Corporation, and one of the best pursuit pilots today, will give the ship a series of tests. The big bomber will be tested during the next week carrying various loads.

"Rather bumpy up there today, but it was a fine ride," was the first thing Lieutenant Tyndall said when he landed. "It is a wonderful ship."

After the official tests have been completed by the United States Army the bomber will be flown to Wright Field at Dayton, Ohio, for further experimental work.

As she appeared yesterday the giant "Cyclops" was one of the mightiest bombers in the world. The plane weighs nearly eight tons and has a wing spread of eighty-six feet. It will carry a military load of four tons, including a one-ton bomb in addition to six or ten machine guns. The ship was built for a crew of five men.

What additions the United States Army will make to the bomber when it goes to Dayton has not been made public.

The bombs capable of being carried by the super "Cyclops" could blow up Bristol in a few minutes and with several similar bombers in operation, a city the size of New York could be destroyed in less than an hour.

The very latest development in heavy bombardment plane construction is represented by the ship tested yesterday. The plane is driven by two 550-horsepower motors. The propellers of the plane are thirteen and one-half feet long and weigh 150 pounds apiece.

Results of the tests made today will be studied by the Government officials to determine the various landing field lengths necessary for landing under maximum load and numerous other details.

Additional tests are taking place today.

"The Human Fly" Does His Stunts Before Crowd

"The Human Fly" entertained a large crowd of people last night when he did his stunts on Mill and Cedar streets.

Mr. Roland, better known as the "Human Fly," did several balancing acts on the cornice of the building, 205 Mill street, and he also climbed the face of the building.

BUCKS AND ITS SCOUTS

"A Scout is Trustworthy" and "A Scout is Loyal"! These are the two topics used by the scout leader and the camp doctor as they addressed scores of the youth of Bucks County at the camp in Flemington a few days ago.

As one of the communities sending lads to this camp our hearts should not be filled with pride alone as we think of what our boys are receiving, but we should have hearts full of gratitude and thankfulness for the leaders who are training the youth along manly, upright lines, to the end that their lives will be worth-while.

These leaders mentioned as well as many others are doing a noble work, instilling into the lives of the boys the best they have to offer. They hold before the young men those things which are worth striving for—honor, courage, loyalty, truthfulness.

One of the strongest weapons that can possibly be used in building character in a lad, helping him to grow from a sturdy youth into fine young manhood, is "interest."

To know that there are at home or somewhere in the group to which he belongs, those who have a sincere interest in his welfare, will do more in leading a boy than any power on earth.

He knows someone has faith in him, and far be it from him to break that faith entrusted. Backed by such a faith and trust he will do his utmost for himself, and the other lads about him.

The service clubs of Bucks County have been showing an interest in the youth of the county. They have contributed money for the work, and put personal interest into the cause by visiting the camps.

Because of this Bucks is "growing" a fine "crop" of boys, of which it is proud now, and will take pride in as men in later years.

Our hats are off to the scouts and those backing them.

EVOLUTION OF HIKING

One of the things that take the joy out of motoring is the hop-hiker, whose number is legion, having multiplied like the Japanese beetle in the last five years. And right now, while the vacation and touring season is in full swing, he seems unusually numerous and pestiferous.

These unmounted gentry of the open road are abroad not to walk but to ride, and a goodly proportion of them have argued themselves into the belief that they have an inalienable right to the vacant seat in the first automobile to pass. No doubt there are thoughtful, considerate and grateful gentlemen among them who realize that they are beggars for something far more costly than a crust of bread or old clothes. They are content to hoof it until caught up with by a driver hungry for company or just naturally generous.

The lot of the thumb-pointing ride-beggars who are welcome in most cars with spare seating space is made harder by those having the effrontery and impudence to insult motorists who refuse them a "lift," and by murderers who rob and slay those with compassion enough to give them free transportation.

Books on etiquette should be revised so as to lay down certain inviolate rules governing the granting and "accepting" of hops.

Most of us think we could do much better if we only had the opportunities which we don't realize we have.

Modern people spend more for the
joys of living than in any other age
ever known. But they demand the
utmost value for their money.

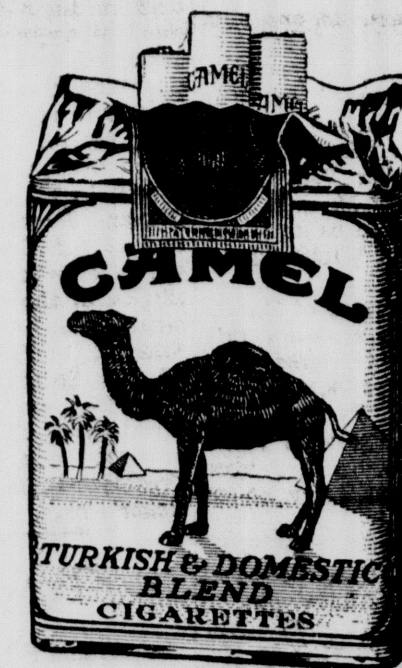

Present-day
smokers find
their sheerest
enjoyment
in Camels

THE people of this age spend millions
for the good things of life. And they
place Camel first among cigarettes.

Modern smokers make money, but
when they spend it they insist on
quality, and more people today buy
Camels than ever bought any other
cigarette.

Camel value has won the modern
world. Money cannot buy choicer to-
baccos, nor a more glorious blending.
That's why increasing millions in the
modern age single out this famous
smoke as their favorite. You, too, will
find it yours.

"Have a Camel!"

What Is a Diuretic?

People Are Learning the Value of Occa-
sional Use.

EVERYONE knows that a lat-
ent stimulates the bowels. A
diuretic performs a similar function
to the kidneys. Under the strain of
our modern life, our organs are apt to
become sluggish and require assist-
ance. More and more people are
learning to use Doan's Pills, oc-
casional, to insure good elimina-
tion which is so essential to good
health. More than 50,000 grateful
users have given Doan's signed rec-
ommendations. Scarcely a commu-
nity but has its representation. Ask
your neighbor!

FAMILY REUNIONS HELD IN VARIOUS SECTIONS

Clans Gather in Annual Meet-
ings and Renew
Associations

OFFICERS ARE ELECTED

LANGHORNE, Aug. 25.—Renewal of
family acquaintances and a good time
in general featured the twenty-third
annual reunion of the Hellyer Family
Association at the home of Coleman
Kenderdine, Glen Lake station, near
here, last Saturday.

Over 100 descendants of Stoneman
and Alice VanHorn Hellyer attended
the meeting of the clan. Stoneman
Hellyer married Alice VanHorn in
1751 and settled in Northampton town-
ship where he taught school for over
thirty years.

The Saturday meeting was one of
the most interesting in the history of
the organized family clan. Descend-
ants were present from New Jersey
and several counties in Pennsylvania.

Sport events were numerous
through the morning and part of the
afternoon. Women members of the
association participated in a ball-driv-
ing contest and other events.

At the business session the follow-
ing officers were elected: President,
David Lukens, Trenton; first vice-
president, Harold Hellyer, Pottsville;
second vice-president, Marcus Doan,
Yardley; treasurer, Arthur Hellyer,
Langhorne; recording secretary, Reba
M. Harvey, Trenton; corresponding
secretary, Mary Hellyer, Doylestown.

POST TOASTIES

—corn flakes that stay crisp in milk or cream

Crisp, delicious corn flakes

—good for both ends of a perfect day

For breakfast, serve Post Toasties
with their crisp and crunchy good-
ness. That's the correct start for a
perfect day. Enjoy the true corn
flavor and refreshing crispness
for supper at night. Here is deli-
ciousness no one can resist, and
no one wants to. Here is
wholesomeness that any one
can eat at any time. The

special toasting process of the
Postum Company seals the true
corn flavor in lasting crispness.
When you want corn flakes
that stay crisp in milk or cream
down to the last tempting flake,
ask for Post Toasties. Make sure
you get them in the red and
yellow, wax-wrapped box
that keeps them fresh.

Decision was made Saturday to hold
the reunion in 1928 at Cadwallader
Park, Trenton, on the third Saturday
in August.

OTTSTVILLE, Aug. 25.—Over 100
members of the family on Saturday
attended the twelfth annual reunion
of the Ruff Family Association at the
Red Hill church near here. Members
of the clan are descendants of Fred-
erick (Ruff) Ruff and Elizabeth Sum-
stone. As far back as 1737 the Ruff
family were known in America and
over 150 years ago Jacob Ruff once
lived in Nockamixon township, where
he owned over 150 acres of land.

The reunion here Saturday was an
enjoyable one and was featured by an
interesting program of recitations and
orchestra music together with an ad-
dress by the Rev. Charles L. Mogel,
pastor of the Ferndale Lutheran par-
ish.

Mrs. William Wolfinger, of Ottsville,
who recently celebrated her eightieth
birthday, attended the reunion and
was one of the oldest members of the
family present.

At the business session the follow-
ing officers were elected: President,
O. B. Ruff, Easton; vice-president,
Charles Ahlum, Lansdale; secretary,
Mrs. Clarence Weirback, Ferndale;
treasurer, Edward Trauger, Revere.

PERKASIE, Aug. 25.—Facts of con-
siderable interest concerning the
Musselman family history were given
at the fifth annual reunion of the
family, Saturday, in Menlo Park, Per-
kasie, by Rev. S. W. Musselman, of
Pen Argyl, the historian.

Complete genealogical records of
the family are not in the possession
of the historian. A Jacob Musselman
was apparently the first in Bucks
County, in 1743, and in Lancaster
county record has been found of an
Elizabeth Musselman, who resided
there.

PERKASIE, Aug. 25.—More than
700 members of the Crouthamel fam-
ily attended the annual reunion which
was held here Saturday and at which
two excellent programs were render-

ed. During the reunion 113 automo-
biles and one horse and carriage were
parked near the pavilion.

It is said to have been the largest
reunion held here for several years
and to have had the most interesting
features of any for a long time.

CHALFONT, Aug. 25.—The 16th an-
nual reunion of the Wiley family was
held at Forest Park at this place Sat-
urday.

By noon 150 members of the family
and friends gathered. Basket lunch
was served in the large pavilion at
12:30.

Relatives came from Detroit, Mich.,
Newport, Tenn., Raleigh, North Caro-
lina; New York City, Brooklawn, Trenton, N. J.; Brandywine Summit,

Delaware County; Norristown, Bucks
County, Philadelphia, and from other
places.

At 2:30 the business meeting was
called to order by the president, Sam-
son Wiley, Philadelphia.

Heywood Wiley, of the sport com-
mittee, had a wonderful program ar-
ranged which was enjoyed by all.
